Sir:

In the Notice to File Missing Parts Under 37 CFR §1.53(b) mailed April 1, 2002 for the above-referenced application, it was stated that the application fails to comply with 37 CFR §§1.821-1.825 and that a Sequence Listing is required.

In earnest, the named CFR sections are not applicable. As such, Applicant submit that the Response to Missing Parts filed herewith is complete without providing a Sequence Listing.

No amino acid sequence is disclosed in the application that qualifies under §1.821(a) for treatment under the remaining sections that otherwise require a Sequence Listing. No specific sequences are disclosed in the Written Description or Claims of the referenced specification. Further, the only sequences shown in FIG. 3 are nucleic acid sequences that do not exceed 7 bp in length. Accordingly, the rules do not require a Sequence Listing for what is shown.

Despite what has been set forth above, if issues remain with respect to 37 CFR §§1.821-1.825, Applicant requests that the undersigned be contacted immediately so that any such issues may be expeditiously resolved.

Respectfully submitted,
BOZICEVIC, FIELD & FRANCIS LLP
